Week Four (4) - October 23-24, 2021

## **Pulpit and Bulletin Announcement**

Jesus encourages us, through the gospel, to trust God with all our hearts, to persevere and believe that good will come in the end. Giving with our hearts is trusting in God's providence, knowing that He will take care of us. Thank you very much to those who have already given. We are very grateful. For those still undecided, please prayerfully consider making a donation this year.

## **Bulletin Reflection – 30<sup>th</sup> Sunday in Ordinary Time**

*Jer 31:7-9/Heb 5:1-6; Mk 10:46-52*

The blind man showed not only that he had great faith in the ability of Jesus to give him sight but it also showed his willingness to persevere even when others told him to be quiet. God calls us to trust in Him in all things. He calls us to be vocal about our faith even when others want to silence us. The great faith the blind man showed resulted in a great reward. He got his sight. It did not end there because he showed his gratitude by following Jesus. We often forget to do that. We need to express our gratitude to God for all he does for us whether it be small things or big things.

The Archbishop's Appeal provides support to a wide variety of community outreach programs such as Catholic Family Services, Native Ministry and Visitation House to name a few. These programs assist people in the community who need a variety of supports. By providing them help we can live what Jesus taught us about helping each other. Your support for the Appeal means the Archdiocese can continue to run the programs and make life a little better for our brothers and sisters.

## **Prayer of Intercession**

That God will help us to be good stewards of love and gratitude by using our gifts of time, talent and treasure to glorify Him and to help others through the Archdiocesan Appeal, let us pray to the Lord.

## Week of October 17

### Let's stand with the oppressed in their quest for recognition

In Honduras and Cambodia, organizations supported by Development and Peace are raising the voices of communities oppressed by a model of economic development that violates their rights. The Honduran Center for the Promotion of Community Development (CEHPRODEC) trains environmental leaders to defend natural resources, the environment and human rights. In Cambodia, Development and Partnership in Action (DPA)'s mission is, in part, to enable communities affected by extractive industries to gain advocacy skills so they can organize and defend their rights.

We can support these partners by recognizing the role we can play in an unjust global system and taking action to change it. This year, the action highlighted by the **People and Planet First** campaign is about holding Canadian companies accountable for their operations abroad - to ensure

that Canada is not complicit in the violation of the rights of our brothers and sisters. Get involved at <https://devp.org/en>

## Week of October 24

### Together, let's act for the planet and its defenders!

Development and Peace's annual **People and Planet First** campaign is inspired by the words of Pope Francis, who says that "a true ecological approach *always* becomes a social approach; it must integrate questions of justice in debates on the environment, so as to hear *both the cry of the earth and the cry of the poor*" (*Laudato Si'*, 49). These cries are too often silenced by powerful companies that plunder resources in countries of the Global South, without regard for people's fundamental human and environmental rights. Many such companies are Canadian.

**Act to end their impunity now!** [Sign the petition](#) asking the federal government to enact laws that will compel Canadian companies to conduct due diligence across their overseas operations and that will give the victims of their abuses access to justice in Canadian courts. Visit <https://devp.org/en>

## Week of October 31

### Let's listen to the voices of our brothers and sisters fighting for their right to a healthy environment

World leaders have gathered for the 26th UN Climate Change Conference of the Parties (COP26).

Although these powerful decision-makers are debating the future of the planet, they are probably too far removed from the realities of its most vulnerable people. It is up to us to hear and amplify the voices of those who are defending their rights and the environment against economic ravage.

Medarda Hernandez, whose community in Honduras has been repeatedly harmed by large industrial projects, including supposedly “green” projects, says, “if other extractivist projects start in our community, we are not going to let them pass. I ask the international community to come to our aid, because we are really suffering from this situation.”

So that people like Medarda do not go unheard, let's make Canadian companies operating abroad responsible for protecting human and environmental rights. Join Development and Peace's **People and Planet First** campaign to make this happen. Visit <https://devp.org/en> to learn more.

## Week of November 14

### Let's spread the word about putting *People and Planet first*

Development and Peace's 2021-2022 campaign, **People and Planet First**, is calling for Canada and Canadian corporations not to be complicit in violations against the planet and its inhabitants. The easiest way to take action is to [sign the petition](#) calling on the government to implement a due diligence law that would require its companies to respect human and environmental rights in their overseas operations.

However, there are several other options available to you if you have already signed and want to continue your commitment! You can follow the latest campaign news on our [Facebook](#) or [Instagram](#) pages and even [update your profile](#) to show the campaign colors. If you'd like to delve into the subject deeper, take the time to read our printable [backgrounder](#). And what about sharing [the campaign video](#) with your friends and family? Whatever you choose to do, thank you for helping to spread solidarity! <https://devp.org/en>

**Week of November 28**

**Thank you for putting *People and the Planet First***

A major focus of Development and Peace — Caritas Canada’s ***People and Planet First*** campaign is advocating for a law that compels Canadian companies to respect the human and environmental rights of local populations in their overseas operations. This fall, acting in solidarity with their brothers and sisters in the Global South, thousands of Canadians signed a petition asking the government to enact such a law.

On behalf of all those who struggle to preserve their land, lives, livelihoods and lifestyles, Development and Peace — Caritas Canada thanks you for your commitment and mobilization. Together, we act in solidarity with the protectors of the Earth. Together, we have the power to change lives.

To continue supporting the petition and to keep up the campaign momentum, visit <https://devp.org/en>
